

### **4-1.3 DECISION NO. D-8**

#### **ALTERNATE POWER FOR HOSPITALS AND OUTPATIENT FACILITIES**

**Issue:**

Guidelines are needed to supplement the code requirements for alternate power at new or renovated Indian Health Service (IHS) health care facilities.

**Decision:**

The draft technical handbook chapter, "Alternate Power for Health Facilities," was introduced and approved subject to editorial revision.

**Reference:**

Copies of the draft chapter can be obtained from the Office of Environmental Health and Engineering, Division of Facilities Planning and Construction. This document will be issued as Chapter 21-5.2 - Alternate Power for Health Facilities, Part 21, Volume III, of the Technical Handbook for Environmental Health and Engineering.

Adopted by HFAC on June 2, 1993.

Gary K. Radtke, P.E.  
Chairman, HFAC
